Hi Alex, I will like to give an overview of the last 10 days:

- 1.- My wife was texting me last Sunday, asking question of the well been of my daughter and demanding to talk with her. After couple hours texting I talked her that our daughter don't want to communicate any more with her or her sisters. The last Tuesday she called me and her daughter didn't want to talk with her. She came from CA and want to see her. Wednesday my daughter texted her in the morning. After talking with my daughter we was agree to let my Wife to meet my daughter alone for Dinner. My wife was breaking up my daughter in the restaurant. I saw from the outside that my daughter was crying all the time. My wife talked her:
 - a.- That I have 20 demons around me.
 - b.- She will be losing the salvation.
 - c.- She never will see or talk again with my wife of her sisters.
 - d.- The demons will be raping her.
 - e.- She will not able to sleep and will be traumatize from demons.
 - f.- Will be put in fire and everything else.

I was getting inside the restaurant more than 15 times stopping the conversation. After two hours my daughter left the restaurant and come to us, rejecting to go back to CA. I started driving around town, but when we got to my Condo my wife was there and want to talk again with her. Pull her out in the parking lot and started talking again with her. I had some words with my wife. After 5 minutes we try to stop the conversation because she was making my daughter to cry again. We called the police, but my daughter rejected again to go back to CA and stop the conversation. We got inside the car and my wife was following us. And that moment I got tired of the situation and called the police again and started driving to the police station. She followed me there. Five police cars got there of was there to stop my wife. They filed charges of my wife for stalking and talked her that if she got close or call her in the future she will go to jail. My daughter was completely traumatize after this.

This is some of the quotes from her E-mails and letters:

- 1.- "Please help me. Thing have gotten way out of control. i do not want to be forced to do anything anymore. Please help me. i beg you. i feel so hurt and vulnerable"
- 2.- "Please I'm begging you help me get out of this hell"
- 3.- "Please [REDACTED] i beg you. I will do anything for you. I am not too brainwashed, I am ready to go and leave this place. I want nothing more to do with them. They keep trying to force me but i don't let them"
- 4.- "I didn't make my choice. My choice was technically made for me. I wasn't planning on staying"
- 5.- "but they froze my accounts and I'm afraid now"
- 6.- "I'm tired of feeling like this. I'm tired of not eating well, if not drinking water, of having body aches, and restless nights"
- 7.- "I know you see it as pathetic [REDACTED]. I understand that. But before all of this we were a really close family. So although they have done so much i keep giving them the benefit of the doubt because I love them and don't want to lose them but have to give them up. Because I can't stay here anymore"
- 8.- "I know things are sick here and nasty. I know and I just wish I could help them like you helped me but i know I can't and hurt a lot"
- 9.- "I do accept this cult or anything that they do"
- 10.- "I will stand up for myself. I will no longer follow their rules and do their things"
- 11.- "I WANT NOTHING TO DO WITH IT AND THEY WILL SEE THAT THEY ARE IN THE WRONG IN THE LONG RUN"
- 12'- "I don't know what to do. I am dying deep down inside"
- 13.- "I cry every day for hours"
- 14.- "I'll do anything for help"
- 15.- "I literally am living in hell"
- 16.- "I am in a desperate situation where I really don't know what to do anymore. Depression, sadness and anxiety have taken over. I haven't slept since Sunday. If I do sleep it's only one to two hours"
- 17.- "I refuse to keep living like this"

18.- "If you don't response to these, then I am lost. I will not be anywhere anymore.

19.- "I don't know what to do. I am dying deep down inside. I cry every day for hours"

20.- "I'm getting anxious and frustrated I've already been told I will be raped by demons and put to fire and everything else"

21.- "I need to get out of here fast because things are just getting worse, getting real bad..."

It's like I'm being told to do things and if I don't do it I'm treated badly. They do things, and I'm tired of being cornered and put in areas where I can't run. I can't do this for much longer. I have nowhere else to go.

Please help me. I am not asking or just begging. I really and desperately need it more than anything.

22.- "I am not too brainwashed, I am ready to go and leave this place. I want nothing more to do with them. They keep trying to force me but I don't let them"

23.- "I have told him I will not do butt sex with him and he as tried to force me lately, and I can't do anything about it it which is why I am asking for your help as soon as possible"

24.- "I won't let them ever brainwash me into. I want u. I need you and only u. You are my love. You are my everything and I cannot live without you. I will not live without you"

Alex, it is a lot more. But I believe is plenty for the moment. My daughter is really fragile and weak right now after the confrontation with my wife last week. We went to Disney last Sunday and we left early to the house because she was scare of the dark. And she is scare to go out the house because don't want to confront my wife again. My wife was texting me two days ago trying to see her for the last time before leaving to CA, but I didn't responded to her. They are trying to talk with her using other people, but we are blocking all that.
